**Subject:** Initial Teleconference on Toxicokinetics and Effects - PFAS as an Agricultural Issue

Good morning,

I have been asked to serve as the US EPA/ORD lead on exploring possible collaborative research efforts around PFAS-related agricultural issues and in particular, issues involving toxicokinetics and/or effects. Thank you for your willingness to participate in these initial efforts.

Shortly, you will be hearing from Sharon Moore, US EPA/ORD, regarding your availability for a teleconference sometime between July 29 and August 9. Hopefully she can identify a date and time within that window, but if not, we will explore other possibilities.

Looking forward to the initial call.

Ron Hines, PhD  
Associate Director for Health
